Please note: CAR 5 licence holders must first transition to a [Part 61 licence](#) before submitting a licence reprint.

These licence details reflect the current CASA view of your licence. If you have recently had any new ratings or

Digital view of your flight crew licence ×

Please note that this is only a view of your flight crew licence. You may not exercise the privileges of your flight crew licence unless you are in possession of your paper flight crew licence document.

There are two parts of the digital view of your flight crew licence.

The first part is what you see inside your Apple Wallet on your iPhone and contains a QR code that allows someone to confirm your licence details as they appear on the CASA system.

The second part is all the details of your flight crew licence as appears on your paper licence. To access this view, follow the instructions below.

recently had any new ratings or
endorsements added, it may take some
time for these to be added to the system
in the CASA system.

You can add the digital view of your flight
crew licence to your Apple Wallet below.

**Note that by adding the digital view
of your flight crew licence to your
Apple Wallet, you are consenting to
your details being confirmed
through the QR code on the front of
the digital view to anyone you show
the digital view to.**
